Marquette University College Of Education Students,

Catholic East Elementary School is a diverse, high performing grade school on the East Side of Milwaukee serving 280 scholars in two buildings across grades 3K-8th grade. We are in need of future teachers to assist during our English Language Arts (ELA) blocks across all grade levels. The instructional assistants will work under the guidance of our Reading Specialist and classroom teachers to enhance the quality of instruction in each of our classrooms. Our ELA blocks are staggered across all different times of the day, so this opportunity should be available to all different schedules! These are paid positions and the hourly rate will be discussed at time of interview. We understand that schedules change at semester, but we are looking for candidates that can commit to the same two hour block of time, 5 days per week for a whole semester. Time slots can be rescheduled at the end of each semester.

To apply for this position please e-mail a resume and letter of interest to rkrienke@catholiceast.org. Interviews will be scheduled on a rolling basis until all positions are filled.
