PATIENT RESPONSIBILITIES

As a patient of record you are responsible for:

• Providing accurate and complete medical and dental histories.

• Following recommendations and advice in an agreed upon, prescribed course of treatment.

• Making it known that you clearly understand the planned course of treatment and what is expected of you before treatment is begun.

• Your actions and any negative outcomes if treatment is refused or instructions and/or advice are not followed.

• Providing detailed and timely information regarding any changes in your health or medical condition that could affect your dental treatment.

• Providing accurate and timely information regarding your abilities to meet the financial obligations agreed upon for dental treatment at Marquette University School of Dentistry.

• Demonstrating respectful behavior towards all members of the Dental Clinic community which will allow for the delivery of quality dental treatment.
