To find in-network providers for the EPO Plan, you will need to use IBS Navigator. Below are the steps you should follow to find an in-network provider using their website: www.ibsinc.ws.

1. Go to www.ibsinc.ws and click on "Directory."

   1. Go to www.ibsinc.ws and click on "Directory.”

   2. After clicking on “Directory”, you will see the website disclaimer. Read the text. If you are in accordance with what is written, click "I agree.”
3. Now that you’ve read the website disclaimer you will be asked to select your employer. Click on the drop-down menu that says, “Select Employer.” Select “Marquette” and click “Provider Search.”

4. The next screen you will see will be the in-network Provider Directory Search. Enter your physician’s information and click search. If your physician is in-network, you must go to the location listed on the website. If your physician is out-of-network, your search will not have any results and the screen will be blank.

For an additional confirmation that your physician is in-network, you can also call IBS Navigator at (800) 251-0838.
