

MARQUETTE UNIVERSITY
College of Nursing
Clinical Nurse Leader Program Plan

Program Objectives:

At the completion of this program, graduates will be able to:

1. Assume accountability for clinical outcomes and care environment outcomes within a micro system of health care.
2. Anticipate risks to patient safety and intervene appropriately.
3. Use research-based information to provide care and to design and implement system changes.
4. Provide leadership in lateral integration of care.
5. Use information systems and technology at the point of care to improve health care outcomes.
6. Coordinate care across the continuum.

The Clinical Nurse Leader Option offers students an adult, pediatric, or obstetric focus; 33 credits are required for each, including 12 core credits.
