Co-Provided by:
Marquette University College of Nursing
and the Southeastern Wisconsin Nursing
Research Consortium

Keynote speaker
Dr. Nancy M. Albert,
PhD, CCNS, CHFN, CCRN, NE-BC,
FAHA, FCCM
“Nurse Led Research to Improve
Quality and Safety”
Purpose
To provide a forum for clinical researchers to share and discuss the impact of research on clinical practice and patient outcomes.

Target audience
This conference has been developed for staff nurses, advanced practice nurses, educators, managers, administrators, and students involved or interested in enhancing clinical practice or patient outcomes through research.

Keynote speaker
Dr. Albert is Associate Chief Nursing Officer, Office of Research and Innovation, in the Nursing Institute, Cleveland Clinic Health System. She is also an Adjunct Associate Professor at Case Western Reserve University and University of Akron Colleges of Nursing and a Full Professor at Aalborg University, Aalborg, Denmark.

Dr. Albert's program of research is in heart failure. She mentors and coaches nurses in all phases of research, including development, grant funding, conduction, dissemination and translation of findings. Dr. Albert has published over 160 peer-reviewed articles in nursing and medical journals, written book chapters and presented nationally and internationally.
