    ▪ Smaller groups are easier for people to participate, but can be unproductive
    ▪ Undergrads don’t always belong to one
    ▪ Jobs should be given to people to help keep the time more productive
    ▪ Use break out time to implement ideas, not just discuss
    ▪ Facebook groups for each committee could help improve forward progression of tasks
    ▪ Elect a specific chair for each committee group/class
    ▪ Bring back the Minute Updates!!
    ▪ Have each committee organize an agenda so participants know what to expect when they meet
• GOOD LUCK ON FINALS!
