

AMP SET TO HOST SUMMER SOCIAL EVENT: REVIEWING USER-FRIENDLY GRANT FAQ PAGE

AMP (Advancing Marquette Priorities) started in February 2022 - an initiative through the ADVANCE grant. To date, AMP has hosted two events: 1.) *Addressing the post-award process challenges*; and 2.) *Utilizing existing MU grant budget systems*. During these AMP sessions, faculty, staff and facilitators discussed issues that impact grant post-award management at Marquette University and prioritized solutions (e.g. improving reports, streamlining communication, developing centralized user-friendly webpages, etc.). Faculty and staff are continuing to work on identified priorities. There are many things happening behind-the-scenes, which we want to communicate to you all. In the last week of April, the AMP planning committee got together to discuss past and future AMP events. As stated in previous sessions, faculty need more user-friendly resources, especially for the grant process. Dr. Jeanne Hossenlopp, with input from Dr. Anita Manogaran and Kathy Durben, is creating a user-friendly web page layout (draft excerpts pictured below) that will be available for faculty to evaluate and provide feedback for in-person during the summer AMP social event. Stay tuned for details to come regarding this session. If you would like to see more behind-the-scenes, [CLICK HERE](#) to view the pdf.

KINDER UPDATE

Thank you to all who have completed the KINDER Climate Survey so far! The survey closes on **Sunday, May 8th at 1:00 AM CT**, so you still have time! Ethicsctr@illinois.edu will send one last reminder email on May 4. Although this survey is not mandatory, we would greatly appreciate your participation, as we need five (5) participants minimum from each ADVANCE department in order to receive national data comparisons. **There is a 42% completion rate as of May 1.**

TOP 3 SCOREBOARD (completion rate %):

1. POLI SCI - **64.7%**
2. CCEE & ME - **55.6%**
3. CECP - **54.5%**

Honorable mention:

BIOMED ENG & EDPL ≥50%

important dates:

- 5/8 - KINDER closes @ 1 am
- 5/16-5/21 - finals week
- 5/22 - COMMENCEMENTS!

UPCOMING EVENTS

IWL Presents: Just Universities' Co-Sponsored Speaking Event Wednesday | 04 May 2022 | 6 PM Central

In his book *Just Universities: Catholic Social Teaching Confronts Corporatized Universities*, Gerald Beyer argues that the principles & values of Catholic social teaching (CST) can & should be marshaled to promote greater parity and justice for women in the academy – even if CST has historically not devoted enough attention to women's well-being and rights. Beyer will examine issues like pay parity, women's leadership roles, the "baby penalty," & the "chilly climate" that women continue to experience in the academy. He will devote specific attention to these problems at Catholic colleges & universities.

NSF Event: Bioeconomy Distinguished Lecture Series (May) Thursday | 19 May 2022 | 10 AM Central

This distinguished lecture series will bring in individual speakers & panels representing the science and technology funded by a Directorate every month. Speakers will present on research & broader impacts in areas associated with biotechnology and the bioeconomy that are of interest broadly across the foundation. The May lecture will feature Bill Bentley, PhD (University of Maryland) Robert E. Fischell Distinguished Chair of Engineering & Inaugural Director of the Robert E. Fischell Institute for Biomedical Devices.

ADVANCE SPOTLIGHT

Erick Herrera Hernandez is a Ph.D. student in the Psychology department, & the Graduate Assistant for the ADVANCE grant. Erick is also a Marquette alum! Throughout the year, Erick has worked with the Neuropsychological Assessment Rotation at the Center for Psychological Services Clinic here on campus.

He also co-authored two publications, and has one publication under review (with Dr. Deb Oswald) that was recently accepted titled, "Who supports #MeToo and the Kavanaugh confirmation? Exploring young adults' tolerance for sexual harassment." Aside from Erick's incredible work so far within his field, he serves as a wonderful G.A. to ADVANCE (although we may be biased). If you have attended any events over the last two years, Erick was the one to create & distribute post-surveys, as well as collect & disseminate data. Erick also created the STEM/SBE department individual dash-boards for the 2020 climate study - which was very helpful in department meetings over the last month. Our team is very lucky to have someone as talented & motivated as Erick. **Thank you, Erick for your dedication to creating a more equitable institution!**

ADVANCE MEMBERS TO ATTEND EQUITY IN STEM CONFERENCE IN D.C.

Dr. Jeanne Hossenlopp, Dr. Rosemary Stuart, and Dr. Libby Ellinas (MCW) will leave for Washington, D.C. at the end of May for the [ARC Network/WEPAN 'Equity in STEM' Community Convening](#). They will participate in themed workshops such as: STEM/DEI Terminology & Methodology; COVID-19 & Faculty Equity Solutions; Professional Development; Faculty Workload; Community Collaboration; Inclusive Innovation; DEI Organizational Change in Higher Ed; Branding & Communications; Experiences of Women of Color in STEM; Empirical Research Relevant to Equity in STEM; Promising Practices to Advance Equity in STEM; Intersectional Inequalities in STEM Faculty Careers; & Reflections on 20 Years of ADVANCE. They will also have the chance to network with members from other ADVANCE programs around the country.

ADVANCE DEPARTMENTS

STEM

- Biological Sciences
- Biomedical Engineering
- Biomedical Sciences
- Chemistry
- Civil, Construction & Environmental Engineering (CCEE)
- Computer Science
- Electrical & Computer Engineering
- Mathematical & Statistical Sciences
- Mechanical Engineering
- Physics

SBE

- Counselor Education & Counseling Psychology (CECP)
- Economics
- Educational Policy & Leadership
- Political Science
- Psychology
- Social & Cultural Sciences

WE LOVE FEEDBACK!

SUBMIT YOUR FEEDBACK TO US BY COMPLETING THIS [ANONYMOUS ONLINE FORM](#). THANK YOU!
